Summary of Benefits

January 1, 2016 – December 31, 2016

This booklet gives you a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the "Evidence of Coverage."

You have choices about how to get your Medicare benefits

- One choice is to get your Medicare benefits through Original Medicare (fee-for-service Medicare). Original Medicare is run directly by the Federal government.
- Another choice is to get your Medicare benefits by joining a Medicare health plan (such as **Aetna Medicare Value Plan (HMO)**).

Tips for comparing your Medicare choices

This Summary of Benefits booklet gives you a summary of what **Aetna Medicare Value Plan (HMO)** covers and what you pay.

- If you want to compare our plan with other Medicare health plans, ask the other plans for their Summary of Benefits booklets. Or, use the Medicare Plan Finder on http://www.medicare.gov.

Which doctors, hospitals, and pharmacies can I use?

Aetna Medicare Value Plan (HMO) has a network of doctors, hospitals, pharmacies, and other providers. If you use the providers that are not in our network, the plan may not pay for these services.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

Some of our network pharmacies have preferred cost-sharing. You may pay less if you use these pharmacies.

You can see our plan's provider directory at our website (http://www.AetnaMedicareDocFind.com).

You can see our plan's pharmacy directory at our website (http://www.aetnamedicare.com/findpharmacy2016).

Or, call us and we will send you a copy of the provider and pharmacy directories.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers - and *more*.

- **Our plan members get *all* of the benefits covered by Original Medicare. For some of these benefits, you may pay more in our plan than you would in Original Medicare.** For others, you may pay less.
- **Our plan members also get *more than what is* covered by Original Medicare.** Some of the extra benefits are outlined in this booklet.

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, http://www.aetnamedicare.com/2016formulary.
- Or, call us and we will send you a copy of the formulary.

How will I determine my drug costs?

Our plan groups each medication into one of five "tiers." You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur after you meet your deductible: Initial Coverage, Coverage Gap, and Catastrophic Coverage.

Is there a limit on how much the plan will pay?	Our plan has a coverage limit every year for certain in-network benefits. Contact us for the services that apply.

Aetna Medicare is a PDP, HMO, PPO plan with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Enrollment in our plans depends on contract renewal.

If you reside in a long-term care facility, you pay the same as at a retail pharmacy.

You may get drugs from an out-of-network pharmacy and pay the same as an in-network pharmacy, but you will get less of the drug.</td></tr>
<tr><td>Coverage Gap</td><td>Most Medicare drug plans have a coverage gap (also called the "donut hole"). This means that there's a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches $3,310.

After you enter the coverage gap, you pay 45% of the plan's cost for covered brand name drugs and 58% of the plan's cost for covered generic drugs until your costs total $4,850, which is the end of the coverage gap. Not everyone will enter the coverage gap.</td></tr>
<tr><td>Catastrophic Coverage</td><td>After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach $4,850, you pay the greater of:

• 5% of the cost, or
• $2.95 copay for generic (including brand drugs treated as generic) and a $7.40 copayment for all other drugs.</td></tr>
